Allowance

1. The following is an examiner's statement of reasons for allowance: The examiner notes that none of the prior art of record discloses a method or system for determining a precision metric associated with each of a plurality of metrology tools that generates a metrology request, identifying a precision requirement for the request based on the context information, wherein the means for identifying the requirement comprises means for extracting a metrology event type from the context information and associating the event type with the precision requirement, and identifying tools capable of satisfying the requests.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

2. The prior art made of record and not relied upon is considered pertinent to applicant's disclosure. Green et al teaches updating process controllers based upon fault detection analysis.
